Tiveston, A., et al. "American Men Show Mysteriously Drop in Testosterone Levels". *Journal of Clinical Endocrinology & Metabolism*, 2007.

Cognition-Mental Ability

Emmelot-Volk, Marielle, et al. "Effect of Testosterone Supplementation on Functional Mobility, Cognition, and other Parameters in Older Men". *The Journal of the American Medical Association*, January 2, 2008—Vol. 299, No.1. p. 35.

Depression and Testosterone

Stephenson, Joan. Testosterone and Depression. *The Journal of the American Medical Association*, April 16, 2008—Vol 299, no.15. p.1762. "Men with low testosterone may be more likely to experience depression than are men with higher levels of testosterone."

Impotence, Sexual Function and Testosterone

Gray, Peter B. et al., Dose-Dependent Effects of Testosterone on Sexual Function, Mood, and Visuospatial Cognition in Older Men, *Journal of Clinical Endocrinology & Metabolism*, 2005, 90(7) 3838-3846.

Jarrow, Jonathon, et al. Etiology and treatment of Erectile Dysfunction: a matter of the heart and brain. *Endocrine News* January 2006.

Morley, JF. Impotence. *Journal of Medicine*. 1986, 86:837.

Morley, JF. Androgens and Aging, *Mauritas*, 2001:38.

“Erectile Dysfunction”, Patient Hand out, The Hormone Foundation. 2005

Testosterone and Vascular Disease

Azid, Nasrin, et al. “Testosterone Treatment Enhances Regional Brain Perfusion in Hypogonadal Men”. *Journal of Clinical Endocrinology & Metabolism*, 88 (7):3064-3068.

Callies, Frank, et al. “Administration of Testosterone is Associated with a Reduced Susceptibility to Myocardial Ischemia.” *Endocrinology* 144: 4478-4483.

Maggio, Marcello, et al. Correlation between Testosterone and the inflammatory Marker, ILK6 Receptor in Older Men. *Journal of Clinical Endocrinology & Metabolism*: 2006. 91 (1):345-347. “Testosterone deprivation causes inflammation in the vessels which leads to atherosclerosis and heart disease. Replacement of Testosterone reverses the inflammation, which decreases the incidence of vascular disease in older men.”

Meyer, Martin M, et al. Erectile Dysfunction: A Precursor to Cardiovascular Disease. *SRM*: 2009; 7:2. P.27-32. “A man with severe erectile dysfunction has 1.5- 2.5 increased risk of developing Cardiovascular disease, which is similar to a man who smokes or has diabetes.”

Yeap, Bu B., Hyde, Zoe, et al. Associations of Total Testosterone, Sex Hormone-Binding Globulin, Calculated Free Testosterone, and LH with Prevalence of Abdominal Aortic Aneurism”, *Journal of Clinical Endocrinology & Metabolism*: 2010, 95 (3): 1123-1130.

Osteoporosis

Amory MD, John. “Exogenous Testosterone or Testosterone with Finasteride Increases Bone Mineral Density in Older Men with Low Serum Testosterone”, *Journal of Clinical Endocrinology & Metabolism*: 89:p. 503-510, 2004.

Metabolic Syndrome and Diabetes

Ousman, Yasser, MD. Link Between testosterone and diabetes: Many questions remain. *Endocrine Today*. March 2009. 7 (9). Page 1.

Stelato, RK, et al. Testosterone Sex Hormone Binding Globulin, and the Development of Type 2 Diabetes in Middle Aged Men. *Diabetes Care* 2000. April 23(4); 490-494.

Editorial: Endogenous Sex Hormones and Metabolic Syndrome in Aging Males. *Journal of Clinical Endocrinology & Metabolism*, August 2005, 90(8) 4978-4982.

Screen, test, treat: low testosterone and diabetes: Men with Diabetes have a two times greater risk of having total testosterone less than 300 ng/dl". Endocrinology Today. October 2006.
Testosterone therapy shows promise for treating type 2 Diabetes in men. American Medical News, November 13, 2006.

Pellets-Testosterone

Thom, Margaret H. "Hormone Implantation". British Medical Journal 1980. 280:21.

Prostate Cancer and Testosterone

Lu-Yao, Grace, et al. "Survival Following Primary Androgen Deprivation Therapy Among Men with Localized Prostate Cancer". The Journal of the American Medical Association, July 2008—Vol 300, No.2. p. 173-180. "Depriving Older men who have prostate cancer has no advantage in survival, compared with conservative therapy."
